

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

HB 824 – SB 1036

March 4, 2017

SUMMARY OF BILL: Requires all law enforcement agencies to submit to the Tennessee Bureau of Investigation (TBI) reports of the demographics of members of the public who interact with the law enforcement agency.

ESTIMATED FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- The provisions of the bill do not require the TBI to present the gathered reports on demographics to any committee within the Tennessee General Assembly, or agency within the state government; therefore, it is reasonably estimated that the TBI can accommodate the provisions of the bill within existing resources.
- However, to the extent the TBI is required to manage, compile, and distribute demographic related data, there could be additional programming costs incurred.
- Based on information from the Department of Safety, the Tennessee Integrated Traffic Analysis Network (TITAN) system is currently capable of accommodating the provisions of the bill and will not require additional expenditures.
- Due to their use of the TITAN system, any impact to local law enforcement agencies is considered not significant.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in blue ink that reads "Krista M. Lee".
